**Please find below and/or attached an Office communication concerning this application or proceeding.**

The time period for reply, if any, is set in the attached communication.

***Response to Arguments***

Amendments after final filed on February 1 2008 is hereby acknowledged. Examination on the merits has ended. It should be kept in mind that Applicant cannot, as a matter of right, amend any finally rejected claims or add new claims after a final rejection (37 CFR 1.116).

Applicant's arguments filed on February 1 2008 have been considered but they are not persuasive. Arguments that were addressed in earlier office action will not be repeated here.

Applicant's argument that prior art does not teach, disclose or suggest elastic resin is considered but is not found persuasive because epoxy resin is elastic. Fig 4 of Deakin shows that the tubes are in contact with the insulation since any light spray on the insulation (like is common on foam) is regarded as part of the insulation.

The amended claims would require new search and/or consideration and therefore the amendment would not be entered.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to CHUKA C. NDUBIZU whose telephone number is (571)272-6531. The examiner can normally be reached on Monday - Friday 8.30 - 4.30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Steve McAllister can be reached on 571-272-6785. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free). If you would like assistance from a USPTO Customer Service Representative or access to the automated information system, call 800-786-9199 (IN USA OR CANADA) or 571-272-1000.
